A HISTORY OF VISUAL MERCHANDISING

DURABILITY | STRENGTH | INCREASED PRODUCT IN SAME SPACE

In 1970, Karl Weber founded Uniweb to service the commercial sector's growing need for more space and versatility in display and visual merchandising. The practical solution was an innovative steel panel design that quickly revolutionized the merchandising industry.

Our expertise derives from partnering with other fixture manufacturers, designers and architects, store planners, and display personnel. Utilizing such a vast and experienced knowledge base enables us to create a line of products that fulfills the needs of our customers.

GONDOLAS

THE UNIWEB **GONDOLA** DELIVERS MAXIMUM PRODUCT VISIBILITY COMBINING IT WITH STRENGTH, FLEXIBILITY, AND DURABILITY. ACCESSORIES ARE ENDLESS! THEY ARE AVAILABLE IN A VARIETY OF SIZES AND COLORS, AS WELL AS WITH VARIOUS DECK AND TRIM OPTIONS.

RETRO-FIT PANELS

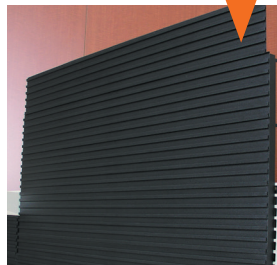

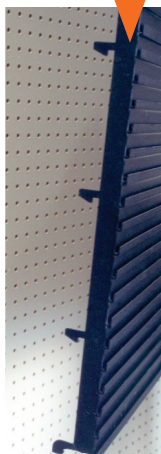

MORE PRODUCT FACINGS... MORE PROFIT! IT'S THAT SIMPLE!

Uniweb's **Variety Panel** is an all-steel merchandiser with clean line continuous horizontal channels and no upright interruptions; hooks can be placed over two panel seams! High concentration can dramatically increase product facings by 17 percent or more, which equals increased profit potential! More importantly, unlike pegboard, the panels will **NEVER RIP OR TEAR!**

Simply attach the appropriate brackets, and then insert the panel into the existing upright system. Hooks fit in without tilting and slide horizontally, allowing merchandising directly under shelves or flexibility

EASY TO INSTALL... EASY TO USE...EASY TO ORDER!

INSERT PANEL:

Replaces old, torn, and inefficient pegboard panels. Simply remove pegboard and inset snugly into existing store uprights, permitting the use of existing shelving.

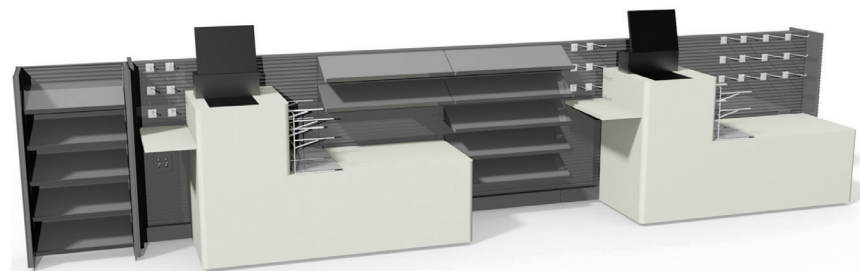

SPOT PANEL AND ALLIED PANEL:

Short insert hooks welded onto the panel allow panels to easily lock into existing uprights. Panels may also extend beyond gondola height, creating additional merchandising space. Simply tilt the panel (bottom-first), insert attached hooks into gondola uprights, straighten, and snap into position. The result is an aesthetically pleasing flush appearance that avoids the retrofit look.

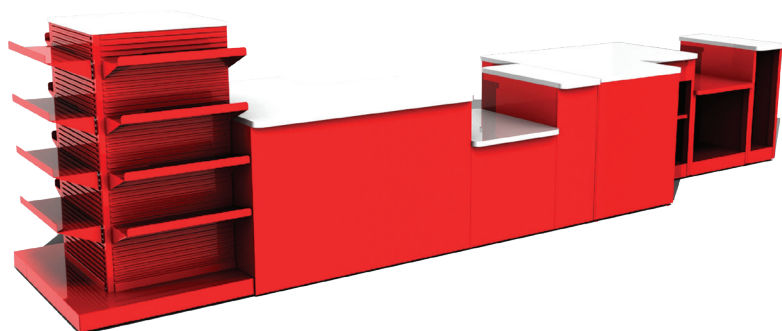

CHECK-OUT UNITS

Dynamic counters, cabinets, shelving and accessories provide unlimited transitions, giving you the freedom to equip your space for unsurpassed utility at an affordable price.
