

Uniweb is the
MULTI-TOOL of the
Fixturing Industry!
Design. Craft. Ship. Install.

Modular Customer Service Centers

Variety Welded Grocery Panel

Easy Reconfigured Under Counter

Modular Rooms

Factory designed and built with UL factory wiring. **Precision engineering** and assembly-line production translate to savings in labor, needed materials, and construction time.

Minimal in field variables when installing a Uniweb room mean materials costs are contained and fewer installers are required while still achieving **top-quality** assembly. The rapid construction phase helps to **maintain your budget**, while maximizing your operating and investment dollars.

BY THE WAY... Uniweb Rooms depreciate as a fixture as opposed to a capital or lease-hold improvements.

Customer Service Desks

Retro-Fit Panels

Variety Panel: all-steel panel with continuous horizontal channels and no upright interruptions; hooks can be placed over panel seams! High concentration can dramatically increase product facings by 17 percent or more, which equals increased profit potential!

Panels will **NEVER RIP OR TEAR!**

Allied Panel: short insert hooks welded directly onto the panels. Panels lock onto existing uprights, creating a cleanline space. Panels can extend beyond the gondola height, creating additional merchandising space.

Insert Panel: replaces old, torn, and inefficient pegboard panels. Simply remove pegboard and inset snugly into existing store uprights, permitting the use of existing shelving.

Merchandise Across the Seam!

Flex Checkouts

modular components include:
